

RULES AND SPECIFICATIONS

CAR SPECIFICATIONS:

Width - 2 3/4"

Length- 7"

Height- 3"

Weight - Not over 5 ounces

Width between wheels - 1 3/4"

Bottom clearance between car and track - 3/8"

RACE RULES:

- Cars raced in previous years are not eligible. All participating cars must be built for this race.
- The car number should appear somewhere on the car, but it can be on the bottom.
- Wheel bearings, washers, springs and bushing are prohibited. Starting devices are prohibited. Car must be free wheeling.
- Only wheels and axels provided with JCC Grand Prix car package are allowed.
- Axels do not have to be mounted in the pre-cut slots.
- Only dry lubricant is permitted. Lubricant may not be added to cars after race check in.
- Additional features, such as engines, windshields, and drivers are permissible as long as these details do not exceed the maximum length, width, and weight specifications.
- The car must be free wheeling, with no starting devices
- Rough edges can be sanded off the wheels.
- Each car must be present for check-in during the specified time and pass inspection. If there is a failure, the owner will be informed of the reason for failure and will be given time within the official weigh-in period to make adjustments to pass inspection.
- Only critical repairs will be allowed after race check-in is approved. No lubricants may be added after racer check in.
- Racers are not to race their cars against each other prior to the official race.
- **It is important to keep each car number and racer name together from registration for scoring purposes.**
